During the sociological interview this date the subject was questioned concerning whether he could expect any trouble from any member of the inmate population. At this time the subject claims he could expect trouble from Eddie Huerta (no record), Richard Lopez (332918 Pack 1), Joe Dominguez (329132 Dominguez) and Robert Lopez (299216 Coffield). The subject claims while confined with Joe Dominguez and Robert Lopez on the Ferguson unit in 1980, they murdered a fellow inmate. He claims he appeared in court as a State witness against these inmates in Sept. of 1981 and was instrumental in their being convicted and sentenced for the crime. He claims as a result of this he is afraid should he be assigned to the same unit as these inmates he would expect trouble. *
