**Rita Hull, 11/04/05:**

**[Material removed]**

Paula Hernandez's best friend. Full of info about the Hernandez family; supplied many of the photos we have. We went to her because data bases show Pricilla living with her recently, and because Freddie Schilling and his mom said RH would know where Pricilla is.

Said that Linda Perales knew where Pricilla was; Linda had told Rita this. Linda has kicked out Mr. Ayala. He was an abuser.

Pricilla did live with Rita at some point but that was more around 2000 and 2001. This seems wrong. Our recent accurint search showed that PH was using this address in 2005; it shows up as more current than Sacky. She is probably receiving PH's mail there.

Freddie Schilling and his mother both told us that the person who knew where Pricilla was, was Rita Hull. But Rita said she didn't know where she was. This may not be true.

Rita said she recently saw Pricilla's son Paul who is recently out of prison and dealing drugs and living with a woman who is illegally in the country.

Said Pricilla ran off to San Antonio with her former boyfriend and father of her 8<sup>th</sup> child. Pricilla left her daughter in CC and also at first left her 9<sup>th</sup> child in the care of her oldest daughter (16 y.o.) because she didn't want the boyfriend to know that the 9<sup>th</sup> child was hers (Pricilla's) by another man, so she told the boyfriend the baby was her daughter's. Then she came back thereafter and picked up the baby, apparently having let the man know. [How Rita knows all this without knowing where PJ is, is a mystery.]

Rita must know where PJ is.

While we were talking, Rita's husband came out in an angry way and she went back inside. Interview was at night in Rita's front yard.

RH Confirmed what she has told us previously: that Paula Hernandez knew from CH told that he killed Dahlia. RH thinks CH did it to compensate for having killed Louie Sissamus.

Rita agreed to meet with Steve Mills.
