INVESTIGATION MEMORANDUM

TO: JIM LIEBMAN
FROM: PESO CHAVEZ
DATE: JULY 22, 2004

RE: CARLOS DELUNA

On the above date I contacted **RITA HULL (37)**, at her residence [material removed]. I identified myself, stated who I represented and the purpose of my visit to which she understood. Ms. Hull is employed with the State of Texas and is a single parent.

For a period of time, Ms. Hull took care of Paula Schilling who was diagnosed with cervical cancer (92). Just prior to her death, Paula lived with her brother Carlos Hernandez and Cindy Maxwell. Paula died May 1996 at age 42. Ms. Hull made the funeral arrangements.

Ms. Hull first met Paula when she was 12 or 13 years old. She stated, "She was like my older sister, she taught me how to put my makeup on—she answered any questions I would ask her—we were very close and she would tell me everything. I remember her telling me that one day when her brother Carlos was drunk he told her (referring to the killing of Dalia Sacedo):

"I did it for you sis, I did it for you. I did you a favor, I got rid of Dalia so that you and Freddy won't have anymore problems".

As far as I knew, Carlos never showed any violence around me. But he was an alcoholic and he never changed his ways".

According to Ms. Hull, the killing of Dahlia Saucedo surrounded the

relationship between Paula's husband Freddy Schilling and Dahlia. Ms. Saucedo had received a large settlement from her daughter's death and began buying Freddy's love. She purchased a car for Freddy "a Dukes of Hazard Car" and would even pay Paula's monthly bills. Ms. Hull stated, "Dahlia was very much aware that Freddy was married to Paula. But she was trying to take Freddy from Paula--Paula was madly in love with him and wanted to hold on".

THE HERNANDEZ FAMILY

PAULA

According to Ms. Hull, Paula had a rough life. She stated, "She was married to a real loser--Freddy Schilling. **[Material removed]** He's still in prison".

Paula told Ms. Hull that when she was growing up she never liked taking baths because her mother would make her leave the door open so that she could watch her bath. Ms. Hull stated, "This was a strange family—Paula's father impregnated her sister Margaret—she now lives in San Antonio, TX., but Paula lost contact with her because of the pregnancy".

Paula had five children. 1st child was Pricilla—her father was Veto Vela. 2nd child was given away. The father was "Mencho"—he was a real weirdo. She gave the child away because she knew that if she did, Mencho would be hanging around--he would always beat Paula. He would give her a chance to run and if she made it to the door she was home free. She never made it to the door. 3rd child Eddie took the Schilling name but Paula said Freddy was not the father—Humberto Licea was. 4th child Michael Schilling—father is Freddy. 5th child named Julie and later changed her name to Melinda--Paula gave her away.

FIDELA

Ms. Hull was very direct in her dislike of Paula's mother Fidela. In fact she deliberately omitted Fidela in the obituary as Paula's mother and Fidela was furious. She stated, "Fidela is a whore who had men in and out of

her house all the time that paid for sex. She and Paula both worked at a dry cleaners store on Staples but Fidela's real profession was that of a prostitute. That's where Pricilla picked it up from (referring to the number of children Pricilla had with all different fathers). All that Paula ever wanted from her mother was to say that she loved her and she never did. In fact when she went to visit Paula in the hospital she told her, "why don't you hurry up and die so that I can collect on the insurance money so that I can spend it before I die". This woman was a bruja (witch), one of the worst persons in the world. Four of her children died and she collected insurance on all of them".

CARLOS

- Carlos had molested Pricilla.
- Paul Rivera wanted Carlos real bad. He was driving drunk and rear ended a car killing two eight year old twins in that car. His passenger Louie (LNU), was Paula's fiancé was also killed in that accident. Carlos did prison time for this.

JAVIER & EFRAN

- Both were murdered.

PRICILLA

- Paula's oldest daughter has eight children from 7 different fathers.

Please Note: Ms. Hull had never heard of Carlos DeLuna.
