Mr. and Ms. Mary Jackson  
**[Material removed]**

Mr. and Ms. Jackson have been married for 26 yrs. And have 6-children: Charles the oldest died of aids, Maxwell born in 1957, **Cindy (Maxwell) (Lived with Carlos Hernandez)** born in 1959, Housen, born in 1961, Loretta, born in 1963, and John (tiger) was a pro football player, born in 1965. The Jackson's also raised Loretta's daughter Latanya Glaspy, born in 1984.

I explained the purpose of my visit and began asking delicate questions re; ch and Cindy. Ms. Jackson stopped me and said "we have no love for Carlos Hernandez you can say whatever you want about him and we won't be offended" w that I let the Jackson's talk about daughter Cindy and ch's time together:

cm met ch while working at the cc public library in the early 80's. Mr. Jackson suspected Cindy had a boyfriend and kidded her about it. Cindy denied it and Mr. Jackson kiddly said someday he would catch her with her b/f which he eventually did one day when he stopped by cm's apartment and ch was there.

The Jackson's soon discovered ch was an alcoholic and not responsible. "all he did was drink from morning to night. He never worked and Cindy bought him his beer". The Jackson's had words with ch on many occasions. They told him to get out and work to pay his share of the expenses. As far as the Jackson knew ch worked for 1mo while

he was with Cindy. The Jackson's became increasingly worried about Cindy and her relationship with ch and encouraged her to leave ch. Cindy told them, "someone has to take care of him (ch)"

Ch hung around the house in the daytime and drank either at home or a tavern that was in walking distance. Ms Jackson stopped by to see Cindy one morning and was shocked at the condition of Cindy's apt "it was a mess, smelled like stale beer and full of smoke, ch was there with his brother Javier. I kicked them both out and told them to never come back". Ms. Jackson and her son John (Tiger) told ch if he ever harmed Cindy they would kill him. As far as the Jacksons know that is the only reason Cindy was never harmed by ch as they knew he fought with his brother Javier and were told of the stabbing ch had done to a woman (Dina). Regarding the Dina stabbing the Jackson's had been told "the women had been cut in the hand". I provided them with accurate details of the Dina stabbing. The Jackson said they really had never know what ch's criminal record was. I shared what I knew with them. I asked if cindy had ever mentioned ch's involvement in crimes he had not been caught for especially murders and they both said know. Ms. Jackson was sure Cindy would have told her if ch had confided in her as she is close to Cindy. About this time granddaughter Latanya walked through the front door carrying lunch for the jackson's. Ms. Jackson asked Latanya "has Cindy ever said anything to you about ch killing anyone?" Lantanya said she thought Cindy mentioned something about ch robbing and killing someone before they started living together. Ms. Jackson questioned her more but that was all she could remember.

We visited some more and I asked Ms. Jackson if she would be willing to ask Cindy about ch diclousers to her re; murders. Ms. Jackson said she had all ready planned to do just that w/o my asking. Ms. Jackson said to check back with her on Thursday the 12 and she would have some ans.

I forgot to include in the Jackson interview that they thought ch was sent to prison for the last time because of a fight he was in and the police were called to at his home and he was arrested
