Re:	<b>Priscilla Jaramillo Interview September 16, 2004</b> <b><i>Carlos DeLuna</i></b>

We spoke with Priscilla from 6:40 pm to 8:00 pm on Thursday, September 16, 2004 at her home at

**[Material removed]**

When we knocked on the door and identified ourselves, Priscilla immediately announced that she did not want to talk to us and told everything she knew to "that man" - referring to Bruce. She was extremely friendly and warm. She invited us in. She was in the middle of cooking dinner for her children - 7 of whom live with her. While there was very little furniture in the house, the house was spotless.

**Fidela and Carlos Hernandez**

CH always carried a knife. He thought he was "a certain kind of bully - he thought he was untouchable."

Priscilla lived with her grandmother and left at age 13. She left

because of CH and went to live with her mother, Paula Hernandez.

**[We need to get a better sense of the relationship between CH and Paula. How did Paula feel about CH killing Daliha Saucedo to “protect” her. Was CH this “protective” of other women in his life? Which ones?]**

Carlos starting going to prison at a young age.

**[Have we determined whether CH and CDL were in prison together Did they meet there?]**

Fidela is a witch.

CH supported Fidela’s children. Fidela never gave her children the kind of love a mother gives her children. There was no bonding between Fidela and her children.

Fidela never gave Priscilla privacy when she was young.

Fidela, CH and Priscilla were forced to sleep in the same bed together. Priscilla has separate bed for each child in her house.

Fidela is a sick woman. All of her children, except two, are dead.

Fidela never gave Paula a kiss or a hug. Fidela hit Paula when Paula up until Paula was in her 30s. Priscilla put an end to Fidela hitting Paula.

CH took his anger out on Javier, his brother.

## **Priscilla**

Priscilla was born in 1971.

Because of Priscilla's experience at Fidela's and with Carlos, she has talked with counselors. "It's gotten me into a lot of trouble." Priscilla is very over-protective of her children. Generally, she does not let her children go to their friends' homes. Instead, her children's friends come to their home.

Priscilla states, "my childhood was horrible." As a result, her family has gone through a lot of counseling. Especially one of the older girls still living at home. "It's just me, my brother, and all my kids." Priscilla has 9 children. Seven children live with her. Her oldest daughter lives with a boyfriend and has a child. Her second oldest child is in college. The youngest child is 13 months. Priscilla works with disabled children. Her children go to day care while she works.

### **Eddie Schilling - Priscilla's Half Brother**

Eddie is a welder. He lives with Priscilla and her children. Eddie and Carlos used to be friends. Eddie knew Carlos' friends and life. "You need to come back and talk to Eddie." It is possible Eddie may have known Wanda Vargas Lopez. **[It is unclear whether Priscilla knew that we were talking about the murder victim or whether she was simply advising us to talk to Eddie]**

Eddie does not work on the weekend.

### **Saucedo Murder**

Dahlia Saucedo, CH and Paula all knew each other. Schilling and Paula had a fight. Carlos admitted that he was sexually involved with Dahlia Saucedo. "Carlos would not tell us" [whether he committed the murder]. "Only Cindy knows about CH's friend. She knows all."

Carlos was right handed. He wore T-Shirts and blue jeans. Sometimes he wore ugly khaki pants and tennis shoes. When it was cold, CH wore a coat with fur inside.

CH had a lot of friends. He smoked a lot of weed. He hung out on the beach. CH worked in construction. He never worked in a restaurant.

### **Javier Hernandez**

Javier was the good one. Carlos was the bad one.

### **Rosa**

Priscilla remembers being brought over to Carlos' girlfriend's house when she was very young. CH's girlfriend was a Mexican lady. She had two boys. She had very long hair and wore it in a single braid. This was the only girlfriend of CH Priscilla knew.

Priscilla did not know Margarite [the one in the photograph].

### **Paula's Death**

When Priscilla's mother [Paula] died, Priscilla went into a deep depression. **[We will show her the picture, we only described it.]**

### **Mencho Alaniz**

Mencho Alaniz was one of Paula's ex-boyfriends. They had a son together named Alex. Alex was raised by Fina, Fidela's sister. Alex did not know who his real parents were until after Paula died. The family felt he should know the truth.

### **[Confirm that Mencho and CH were friends]**

With respect to her grandmother, Priscilla said that she was difficult because she was "never there." "She was always out and about."

Priscilla did not want to talk about Carlos or why he was so difficult in front of her children. She invited us back to talk to her and Eddie over the weekend when the children would be playing outside.

Priscilla also suggested we talk to Michael Schilling - "he would know."
