

## INVESTIGATION MEMORANDUM

**TO: JIM LIEBMAN**  
**FROM: PESO CHAVEZ**  
**DATE: DECEMBER 2, 2005**

**RE: CARLOS DELUNA**

---

[Material that is irrelevant to *Los Tocayos Carlos* and contains sensitive personal information about one or more persons has been removed.]

On the above date I contacted **MARIA MARTINEZ (75 YRS OLD)**, at her residence, [material removed]. I identified myself, stated who I represented and the purpose of my visit to which she understood. Ms. Martinez stated that her memory is not that sharp and did not recall a lot of specifics in reference to dates. She has been previously contacted by someone (Bruce Whitman, probably; she could not recall who or when) inquiring about Carlos Hernandez.

Ms. Martinez stated that she lived on Carrizo St. in the 80's and knew the Hernandez family. She stated, "Those types of people would fight a lot—Carlos fought a lot but I never saw him I just heard about it. I also heard he had killed a lady in van but that was all that I heard".

I then noticed that Ms. Martinez' eyes began to tear and she became very emotional. She then stated, "Carlos raped my little girl". Ms. Martinez stated, "When Berta was 12 years old Carlos Hernandez raped her. At the time I did not know this. Later my daughter, Rosie told me about it. I never approached Carlos or his mother Fidela because I didn't know about it until later. I would have turned him over to the police. Even now that Berta is dead it still hurts me to know that Carlos raped my little girl". Berta died of cancer 2 years ago in December.

I suggested to Ms. Martinez that I would like to contact her daughter Rosie. She told me that Rosie's last name is Lopez and worked driving a school bus. She told me she would prefer to contact Rosie first and then I could

contact her. I am to call Ms. Martinez on Tuesday of next week for Rosie's telephone number.
