

JSL notes on phone summary by Sita-Lauren on interview of Carmen Taylor during week of 10/27/04

Shamrock EE: talked to 1 person about safety issues—lots of traffic from Wolfy's especially on weekends; Wolfy's guy, biker gang, "really nice", came over a lot

Abigail Lopez—info came from her—Wolfy's people often drank beer and hung out at Shamrock. She heard Wanda resisted. (Which isn't true) at least vis-à-vis \$, not vis-à-vis rape.

Another manager: Lee Taylor; but probably too early, before Wanda, so left off by Shamrock in interrogatories.

Always money taken by EE's.

Also interviewed CT about store practices about sales—register receipts
